## New UHS Dedication

On Sunday, April 22, 2018 at 2:00p.m. the Urbana City School District will celebrate the completion of the construction of our new high school by holding a dedication and ribbon cutting ceremony.

This new facility, built behind the current school, will provide our students a modern and flexible learning environment for many years to come. The new Urbana High School replaces the historic structure commonly known as the 'Castle' which has been serving the community since 1897. This facility is a collaboration of the entire Urbana community and is designed to meet the current and future needs of our students.

The ceremony is open to the public and will be followed by building tours and light refreshments. The current high school will also be open after the ceremony for those interested in seeing the building prior to demolition activities.
